*For Emergencies Call 911 • For Non-Emergencies Call 211*
American Red Cross ..................................... 1-800-RED-CROSS (1-800-733-2767) .................................................................
Agencia Federal para el Manejo de Emergencias (FEMA) .... www.fema.gov

The National Hurricane Center normally issues public advisories on their
website and to the media for Atlantic tropical cyclones every six hours at 4:00
AM CDT, 10:00 AM CDT, 4:00 PM CDT, and 10:00 PM CDT. Intermediate
public advisories are issued every 3 hours when coastal watches or warnings are
in effect. Additionally, special public advisories may be issued at any time due to
significant changes in warnings or in the cyclone.

NOAA WEATHER RADIO Not manufactured by NOAA, NWR receivers can be purchased at many retail outlets and on the Internet
NOAA Weather Radio (NWR) All Hazards is a nationwide network of radio stations broadcasting continuous weather information directly from a nearby National Weather Service office. NWR broadcasts National Weather Service warnings, watches, forecasts, and other hazard information 24 hours a day.

162.400 MHz 162.425 MHz 162.450 MHz 162.475 MHz 162.500 MHz 162.525 MHz 162.550 MHz

Louisiana 511 Traveler Information

Louisiana 511 Traveler Information is a free service of the Louisiana Department of Transportation and Development. Travelers can dial 511 or visit www.511la.org for around-the-clock, real-time traffic updates as well as information about construction activities and weather-related road conditions simply by saying the route or region about which they are seeking information. In case of evacuation, information will be available through 511 on such important topics as contraflow status.

Residents without access to 511, or anyone calling from outside of the state of Louisiana, can access the 511 Traveler Information Service by calling 888-ROAD-511 (888-762-3511).

For more information, visit the Louisiana 511 Traveler Information website at www.511la.org.
