

How To Obtain JASL Data

- Online Access
 - [World Wide Web](#) access from "research quality data" provided by the UHSLC web server
 - [FTP](#)
- CDROM
 - [NODC](#) disc (1994) which contains JASL and PSMSL holdings.
 - [WOCE](#) disc (Version 1.0, 1998) which contains UHSLC WOCE Fast Delivery set, British Oceanographic Center's WOCE [Delayed-Mode](#) set, and the JASL set as of December 1997.
 - [WOCE](#) (Version 2.0, 2000) has data as ASCII and netCDF formats as of June 2000 for the same sources as WOCE Version 1.0, except the JASL set is only for daily and monthly values.
 - CDROMs or other transfer media (PC diskette, exabyte tape, etc) can be made of the most up-to-date version of the archive upon request to the JASL.
